* During the time your service agreement is in effect you can buy additional hours for remote or phone support at a discounted rate so that you do not use your service agreement hours. Just buy up front or let a sales representative know and we will charge you for the additional time.

** If during your service agreement year you do not use up all of your hours you can renew your membership and all unused hours will be carried over to the next membership year. This only applies if you renew before the yearly anniversary and there is no lapse in time before renewal.
